February 12, 2021

We are heading into stage 4 restrictions tonight. It has now been confirmed that you can access kindergarten and Childcare.

Our team will only have enough staff onsite to meet the needs of the children, and we will continue to clean, sterilize and adhere to our COVID safe plan. Onsite will only be people working directly with children. I would ask all families to please wear a mask whilst in attendance at Laverton Community Children's Centre.

My apologies to families who had New Year celebrations or special events on this weekend.

Happy Lunar New Year

The kindergarten children celebrating Chinese New Year.

The Hon. Jill Hennessy

Elected MLA for Altona February 2010 (by-election)

Re-elected November 2010, November 2014, November 2018, visited Laverton Community Children's Centre to celebrate School Readiness Funding and the benefits to local children.

We are incredibly grateful for the funds and it was a great opportunity to share the innovative programs and opportunities for children's learning at Laverton Community Children's Centre.

It was also a great opportunity to discuss the roll out of 3- year- old kindergarten beginning in 2022 in the City of Hobsons Bay, and a gradual increase of hours offered for 3 year old kindergarten.

Toddlers went on a stroll.

A small group of toddlers from our babies room took advantage of the beautiful day and went for a morning stroll in the community, today.

We walked and the children stopped to smell flowers, grass and weeds! Looked for the birds and saw a dog. It was a great opportunity for educators and children to share simple pleasures.

Kindyhub.

Based on feedback from families and to share as much information as possible we will be using a digital platform, called Kindy hub. It will give you snapshots of children's learning, daily information such as sleep and eating routines and more details about programmed activities that happen with children.

[Have you completed a permission form so we can share photographs and information with you and your family?](#)

We will attach a copy with our newsletter. There will also be printed copies near the front entrance. Once complete pop it in the slot beside the office door.

Any questions please see a staff member.

We expect to launch next Friday, thus once we have permissions collated you will receive an email with how to log in.

Staffing

Our third trainee has commenced work at Laverton Community Children's Centre. We would like to warmly welcome Kate. Kate will start her traineeship with the children in the big yard of long day care. Join us in welcoming Kate, and ensuring she has a long fulfilling career working with children.

The trainees are additional staff members, thus over and above the child staff ratio. This means more opportunity for engagement with children and educators, more varied experiences and more opportunities for excursions.
