February 4, 2022

2022 feels like it is well and truly underway. All kindergarten programs have commenced, and we have had several new children commence across the centre. Welcome to all. It feels like the of busy, inquisitive action that it should be!

Getting back into routine can be challenging please let us know how we can support you to ease the stress-especially in the mornings. Please do not panic if you are late, what is most important to us is that the transition is smooth. This will set the tone for you and your child's day.

COVID

The Department of Education and Training has delivered RAHT for staff members to test twice a week. Our team will collect their RAHT and test from home twice weekly, and additionally should they have any symptoms at all.

As always, we will contact you should we have any probable cases. We thank each of you and your patience by staying out of the building and waiting whilst we get children organised.

Kindergarten Bookings.

Thank you to all the families that took part in the kindergarten meetings with your teachers. This is a great opportunity for our team to be armed with the best information to ensure

children get the most out of their kinder program.

Lunar New Year.

Happy Lunar New Year. It was lovely to see the service in all its red glory.

The children celebrated by making and eating many, dumplings.

Thank you to all the staff members, children and families who shared a little piece of their family with ours.

The year of the tiger was celebrated.

Wooden materials

Laverton Community Children's Centre has a strong ethos when it comes to protecting our environment and sustainable practices.

Many of you would have noticed the preferred use of wooden equipment. Wood means less production of plastic items, along with wood supporting warmth in play spaces. Wooden equipment is also more long lasting, so on a practical level it means we can re-use equipment year after year.

Our National Quality Standards encourages educators and children to increase their understanding about their responsibility to care for the environment, day to day, and for long-term sustainability.

A safe, appropriate, and inclusive physical environment plays a vital role in promoting children's learning and development.

The week that was.....

Anything with wheels is a hit in room 5 now. Is your child really gravitated to experiences, please share with educators via kindy hub.

Below is some, first day at kinder, happy snaps!
